# STATEMENT

Re; Creation of a Kurdish-Armenian dialogue commission.

Bearing in mind that the 1915-1923 genocide perpetrated by Turkish authorities resulted in catastrophic losses for all Armenian, Assyrian-Aramean, Greek and other non-Turkish populations of Asia Minor. Non-confronted and unpunished genocide has led the Kurdish populations to face the same genocidal politics in Turkey.

Taking into consideration those facts, we hereby declare that a Kurdish-Armenian dialogue commission has been created to organize inter-Kurdish and Kurdish-Armenian dialogue processes. Its purpose is to defend the rights of all Asia Minor populations and to ensure justice and rule of law in the common homeland for a common future.
